Sub: Performance of your Spy Mar II

Dear Sir,

We refer to your communication on the above subject and would like to inform you the followings:

- All 3 numbers of Transformer Turn Ration meters model Spy Mark II supplied by you are in successfully in use at our factory to test the Transformers manufactures by us up to 50 MVA, 132KV EHV and their results are repeatable and accurate.

We are extremely happy with Spy Mark II performance also satisfied with your services.

Thanking You,

For Voltamp Transformers Pvt. Ltd.,

(Nitin Khale)
Sr. Manager DRY-SBU.
